Yes. That works

Steve- Hart Knight, outside counsel for Colonial, and Chris Hayes, inside counsel for Colonial, have asked me to set up a call with you tomorrow so they can speak with you regarding “where the EPA is in the process.” I told Hart on Monday that the state has the lead and that you may check in periodically. I’m not sure exactly what they want to discuss. A call tomorrow at 3:30 pm central, 4:30 pm eastern works for them and me. Does that work for you?

Thanks  
T

Thanks. I am available tomorrow from 9-11 central and from 2-4 central. I am free Friday all day.

Chris Hayes, who is inside counsel for Colonial, likely will join us on the call as well.

Let me know what works best for your team, and I am happy to circulate a call in number if that is easiest. I do not expect us to be more than 15 minutes.

Thanks,  
Hart

I can organize a call. What are some times that work for you tomorrow?

Thank you.

Teresa

Teresa:

If possible, I would like to ask Steve a few questions regarding where EPA is in the process. I know that you may want to be a part of that call. Can I contact him directly, or would you prefer that I coordinate with you?

Thanks,

Hart

Hart- I spoke with Steve Spurling, EPA's On-Scene Coordinator, and he told me that the EPA has transitioned the work for this spill to TDEC. Steve may periodically check in with TDEC, but TDEC has the lead. Please let me know if you have any further questions.

Thank you.

Teresa:

Thanks for your time today over the phone. As we discussed, I was simply following up with you regarding the status of EPA's current involvement at the Nashville Airport. It is my understanding that

EPA has handed this off to TDEC, but I wanted to confirm that we you or someone in EPA to ensure that Colonial is continuing to work with all the correct parties as we move forward.

Thanks for your time. I hope you have a good weekend.

Hart
